

Manoj Poudel

A dedicated and enthusiastic individual currently pursuing a bachelor degree with a strong passion in software development and engineering. Eager to apply knowledge and gain practical experience in any relevant projects.

EDUCATION

Degree/Grade	Institution	Score
BSC Hons Computing	Islington College,kamalpokhari kathmandu	Not graduated yet
XI/XII (Science) (School Leaving Certificate)	Madhyabindu Multiple Campus,Kawasoti, Nawalpur	3.78/3.29 CGPA
X (Secondary Education Examination)	Gyanodaya Secondary School, Kawasoti,Nawalpur	3.75 CGPA

EXPERIENCE/PROJECTS

- ❖ **Banking system UI using Java, Banking system for understanding OOPs:** The Banking System project delivers a visually appealing and user-friendly interface for customers to manage their banking needs effectively. It combines simplicity and functionality to provide a seamless banking experience to the customers. Additionally, OOPs concept are implemented in the project.
- ❖ **ECommerce website selling Bonsai Plants:** Website was developed by using HTML,CSS and Javascript only. Collaborated with a team of five members to develop a web application, showcasing strong teamwork and communication skills. I've also created a portfolio website of myself(Hosted as www.manojpoudel.com.np).
- ❖ **Laptop Shop Management System using Python:** This is a comprehensive software solution designed to streamline and automate various aspects of managing a laptop shop. This project aims to provide an efficient and user-friendly platform for managing inventory, sales, customer information, and other essential operations.
- ❖ **Ecommerce website with java as a backend:** Created an e-commerce solution with Java as the backend, collaborating closely within a team to deliver. Implemented concepts like JSP, JSTL, Servlets, Filters, JDBC, MVC pattern and so on.
- **Teamwork:** Proven ability to collaborate effectively in team projects.
- **Problem-solving:** Strong analytical and problem solving skills with a track record of finding creative solutions.
- **Organizational skills:** Highly organized with the ability to manage multiple tasks and meet deadlines.
- **System Design Proficiency:** Proficient in system design methodologies, adept at creating comprehensive diagrams including ERDs, Use Case, structure, collaboration, and class, facilitating efficient software engineering processes.
- **Cloud Computing(AWS):** Basic understanding of Amazon Web Services and eager to implement my knowledge in real projects. Familiar with key services like EC2, S3, and RDS, and enthusiastic about applying best practices in cloud computing.
